

SINGLE END STREET CARS TO BE ADOPTED

City Council Approves This Type of Car, Which Will Effect Big Saving in Motor Equipment and Stronger Wrecks Police and Firemen to Help Free.

That the cars to be used in future on the street railway will be of the single-end type with non-reversible seats, was the decision reached by the city council last evening. The commissioners reported that the saving on the six cars ordered would be \$14,000. The construction of the seats or loops required at the terminals will involve an expenditure of \$1,000 each if seats are used, or \$1,100 each if loops are used. Commissioner Boulden expressed the opinion that the non-reversible seats, by lessening the liability of confusion among incoming or outgoing passengers, would be of material assistance in securing an efficient service.

Ald. Armstrong's suggestion. Ald. Armstrong suggested that the council should allow the free use of the street railway to the police and firemen, as the fire department is necessary in the performance of their duty. He suggested a mild amendment by picturing one of the guardians of the law in the case of some fire emergency, driving back one of the street cars, but finding that he had left his nickel at home.

"Officers," Ald. Armstrong naively remarked, "I find that I have not money for my last clothes."

The matter was left with the commissioners to make inquiries and report.

Several appeals against assessment for fire improvements were considered. That of the G.T.P. against the assessment of \$100 feet in lot 114, river side, was held over for consideration at the next meeting of the council, to be held in two weeks.

The request of O. W. Murray for permission to make certain changes in the structure of his restaurant on Jasper avenue was referred to the building inspector and commissioners with power to act.

On the recommendation of the commissioners the city council authorized the construction of a double track in the block on Main street, stretching south from Waverley avenue. The work will not be operated for some time, and the work will be done while the streetcar is in operation.

To attend Health Convention. The medical health officer was granted leave of absence to attend the convention of the American Public Health Association to be held in Milwaukee, September 4th to 8th. A grant of \$100 to defray the expenses of the trip was authorized.

The council authorized the construction of a boulevard on Fourteenth street from Jasper avenue to Peace avenue, and a six-foot path walk along the north side of the boulevard, from St. James street to the lane, with crossing at McKenzie.

The application of Messrs. Schooley and Leslie for the privilege of using the land along the north bank of the Saskatchewan river, in Laurier park, was denied on the ground that very serious damage to the property would result.

A petition for a cement sidewalk on the west side of Fifth street was referred to the commissioners, with power to act.

Sidewalks on Outside. The report of the commissioners, held over from last meeting, and recommending that all sidewalks be constructed in pairs, was adopted. The grandstand on the old exhibition ground is to be demolished and the commissioners were instructed to make inquiries with a view to securing a new one.

Payment of accounts totaling \$18,423.75 was authorized.

The city collector was granted leave of absence for one month.

The W.M.F. had requested this. It was a delicate thing to handle directly, so the members decided that it was too important to take up after so many delegates had left. Justice MacLaren thought it was a constitutional question and might prejudice the union negotiations.

The Rev. Dr. Bowles said it was unfair to consider questions in conference when one half of the members had already done so and had decided what to do before hand.

TAKE UP WAR WITH VATICAN. Premier Sousa Has Ordered Inquiry Into Status of Religious Orders in Portugal and Spain.

Lisbon, Aug. 30.—Following the lead of Premier Chana-Joa, of Spain, Premier Sousa today ordered a vigorous inquiry into the status of the religious orders in Portugal. Special attention will be paid to foreign clerical orders, many of which, it is expected, will be found to be in violation of the law.

The action of Premier Sousa in directing a complete understanding between him and the Spanish government, the existence of which has been limited since since Spain became anti-clerical reform. It will probably result in a breach between the Vatican and Portugal similar to that between the Spanish government and the Vatican.

King Manuel is believed to be wholly in sympathy with the continental reform.

CZAR ECKSTROM SAYS THE SERIES MUST BE PLAYED

Manager Carney Again Arbitrarily Calls Off Game Scheduled For Yesterday.

Although Grounds Were in Almost Perfect Condition—But It Was Not—Edmonton Will Not Permit Carney to "Hurry" Edmonton Out of the Pennant.

Edmonton Special. Turned out in uniform at the grounds. A batting practice was indulged in and the infield given a workout. At the time set for the call of the game the team lined up in position. Hickey was on the plate, and the team, having over the long distance telephone from Lethbridge by one of the umpires officiating in the final series of games between Calgary and Edmonton.

The wire was kept hot between the two cities that afternoon and the president of the league was placed in possession of all the facts concerning the condition of the diamond and the calling off of the games by Calgary. He made the semi-official statement that he would not stand for a team being lunched out of the fielding games in such fashion, and would order all three to be played off before the close of the pennant race.

When Carney called the game off today before he went to work. The grounds were manifestly in condition for playing. A little sand and a half hour's work would have fixed any soft spots of the infield. The outfield was even in the morning quite dry. It was Carney's hope that Edmonton would be ruined out of the pennant. He feared to risk another battle on the diamond which might fix Edmonton first place.

But in his scheming he did not dream that the game would be ordered played after tomorrow, the date for the close of the season. He committed himself on his cleverness, but there was a slip between his lip and the cup of his happiness and now possession must be fought to a finish. A cry in Lethbridge President Eckstrom heard the din around by Manager Carney's unsportsmanlike action. From the middle of the afternoon until evening talk of the Calgary trouble reached him over the long distance phone. Both sides had their say. A Calgary newspaper scribbled informed the president that the grounds were absolutely unfit for play.

Secretary Dewar of Edmonton had a long conversation with the league board, but President Eckstrom was convinced perhaps more by the opinion given by one of the umpires and a disinterested Lethbridge newspaper man why, until the morning during the afternoon and made a careful examination.

The grounds are in a little spot in several places, but in my opinion quite fit for play. If a little was added to put on them in the morning they would be in good shape now." This was the opinion expressed to President Eckstrom by the disinterested sporting editor of a Lethbridge daily. At a quarter to five in the afternoon the entire Edmonton team

BRICKS AND BOUQUETS.

Stout. Next-A. Row, first baseman of the Braves team, received some letters that he had become the father of twice last week. Pittsburgh is still holding the place in the National League race, and should the ground to dry on a level by five, five, five. Many games have been played in Edmonton yesterday on a level by five, five, five. Many games have been played in Edmonton yesterday on a level by five, five, five.

Four hundred fans made the trip from London, Ont., to New York to witness the Detroit-New York series and not for Ty Cobb and his team. Carney admits that he hopes to win the pennant tomorrow. Otherwise a day he leader will be played. Calgary could not but win one of the games. The game was a close one. The game was a close one. The game was a close one.
